

About the Report

Our Integrated Annual Report adheres to the framework and guiding principles established by the International Integrated Reporting Council (‘IIRC’). It demonstrates our overall strategies and initiatives to the management of our business, creating value for our customers and other stakeholders.

Integrated Thinking in Action

We apply integrated thinking to shape our response to:

- Material matters that affect our ability to create value
- Short, medium and long-term priorities across financial and non-financial outcomes
- Strategic resource allocation to strengthen competitive resilience
- Sustainability imperatives including climate action, digital inclusion and human capital development

Our six capitals are integral to this process and determine how we set targets, measure outcomes and manage trade-offs. These capitals—financial, manufactured and intellectual, natural, human, social and relationship—are consistently referenced across this Report.

Our Reporting Framework

This Report is prepared in accordance with the guiding principles and content elements of the International Integrated Reporting Council (‘IIRC’) Framework, with disclosures mapped to the Global Reporting Initiative (‘GRI’) Standards where applicable. Financial and statutory disclosures comply with the following:

- The Companies Act, 2013
- Indian Accounting Standards
- SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015
- Secretarial Standards issued by the Institute of Company Secretaries of India

The sustainability content aligns with internationally recognised disclosure practices and reflects our environmental, social and governance (‘ESG’) priorities across operations. The sustainability KPIs are disclosed in detail on our website through [ESG Addendum](#) and the [GRI index](#).

Reporting Period

This Report covers the 12-month period (April 1, 2024 to March 31, 2025). Where relevant, comparative data from earlier periods has been included to provide a contextual perspective.

Reporting Scope and Boundary

This Report covers Tata Communications’ global operations and includes relevant information on our subsidiaries, associates, and key operating geographies where it is material to our performance and value-creation narrative. Any exclusions or boundary limitations are disclosed in the relevant sections.

Assurance

Financial disclosures presented herein have been audited by S. R. Batliboi & Associates LLP, our Statutory Auditor. Sustainability disclosures have undergone limited assurance by BSI Group India Private Limited. The Board of Directors and Management have reviewed the accuracy and completeness of all material content in this Report.

Our Approach

We continue to adopt integrated thinking as a cornerstone of our strategy and operations. Material matters are identified through stakeholder engagement and mapped to our strategy and capital allocation decisions. This integrated approach enables us to articulate how we deliver on our purpose, respond to external forces and manage interdependencies between financial and non-financial performance.

Feedback

We welcome feedback and dialogue with our stakeholders.

- For general comments: investor.relations@tatacommunications.com
- For ESG-specific queries: EOHS@tatacommunications.com

Forward-looking Statement

Certain statements in this Report regarding our business operations may constitute forward-looking statements. These include all statements other than statements of historical facts, including those regarding the financial position, business strategy, management plans and objectives for future operations. Forward-looking statements can be identified by words such as ‘believes’, ‘estimates’, ‘anticipates’, ‘expects’, ‘intends’, ‘may’, ‘will’, ‘plans’, ‘outlook’ and other words of similar meaning in connection with a discussion of future operating or financial performance.

Forward-looking statements are necessarily dependent on assumptions, data or methods that may be incorrect or imprecise and that may be incapable of being realised and as such, are not intended to be a guarantee of future results but constitute our current expectations based on reasonable assumptions. Actual results could differ materially from those projected in any forward-looking statements due to various events, risks, uncertainties and other factors. We neither assume any obligation nor intend to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Who We Are

Transforming Enterprises Through our Digital Fabric

At Tata Communications, we are driving the future of a hyperconnected world. Evolving from a traditional telecom provider to a Digital Fabric innovator, we simplify complexity, enhance security, and elevate digital experiences—empowering businesses to thrive in the digital-first era.

Our comprehensive portfolio spans next-generation connectivity, cloud services, customer interaction solutions, IoT, media services and cybersecurity, all underpinned by our robust global network infrastructure. Our digital fabric of solutions integrates advanced platforms, tools and technologies to simplify complexities and help enterprises unlock new possibilities in a rapidly evolving digital landscape.

Through our global network accessible from over 190 countries and territories, we enable seamless communication, secure data exchange and intelligent connectivity. Guided by our ethos of innovation and sustainability, we are committed to reducing environmental impact, promoting inclusive growth and creating long-term value for all stakeholders.

Vision

To deliver a New World of Communications™ to advance the reach and leadership of customers as a global digital ecosystem enabler.

Shared Ambition

To achieve profitable growth and become a leading digital ecosystem enabler in the eyes of our customers and the industry.

Mission

To enable enterprises to succeed in the new world of digital (technologies and business models) by being borderless and always available (to our customers and partners).

DRIVE Ahead Behaviour

Daring | Responsive | Inclusive | Venturing | Ethical

- Ownership and accountability
- Collaboration
- Can-do attitude and growth mindset
- Being agile
- Innovation and problem solving
- Continuous learning and skill transformation

What Inspires Us Everyday
